

# Application Form for Access to the Duckworth Laboratory Collections

## Researcher and project information (all applications)

UNIVERSITY OF  
CAMBRIDGE

Application for Access to the Duckworth Laboratory Collections

Please complete as fully as possible following the [application instructions](#).

\* denotes required fields

Name \*

Academic position

Email \*

Supervisor's name (required for student applicants)

Title of the project \*

Description of the proposed research \*

Drop files or click here to upload

Description of items required from the collection \*

Drop files or click here to upload

How will access to the Duckworth Laboratory collection contribute to your research aims? \*

---

Collection you are requesting to access \*

- Human osteology
- Non-human primate osteology
- Hominin & Hominoid casts
- Duckworth Lab archives
- Mourant Collection
- Brain Collection
- Photogrammetry Library (micro-CT scans, photographs, 3D scans)

---

Type of data access requested \*

- 2D measurement & 3D landmarks
- 3D surface scanning and/or photogrammetry
- CT scanning
- Photography
- Palaeopathology
- Sampling for radiocarbon dating
- Sampling for isotopic analysis
- Sampling for ancient DNA extraction
- Archival research and use of archival material
- Filming
- Other

---

Equipment \*

- I have my own equipment to collect data (*preferred*)
- I wish to request to use Duckworth Laboratory equipment  
*Please note that any requests to use equipment from the Duckworth Laboratory must be discussed with the Collections Manager in advance, and that we cannot guarantee the availability of any equipment for loan*
- Other

**Additional questions for destructive sampling applications**

(these questions appear automatically if you select sampling for radiocarbon, isotope or aDNA analyses under 'Type of data access requested', otherwise this page is omitted)

Sampling location \*

- Sampling within the Duckworth Laboratory premises
- Sampling at another location

Sampling requirements \*

- use of an extraction hood
- other (please detail in methodology statement)

Detailed methodology and justification (including references to techniques) \*

Drop files or click here to upload

Head of lab letter of support (required for destructive sampling only) \*

Drop files or click here to upload

Size or weight of sample(s) required \*

Who will take the samples? \*

Sampling will normally take place at the Duckworth Laboratory. If this cannot happen please state why \*

---

What qualifications or experience of sampling does the sampler have? \*

---

How much and which part(s) of the item(s) will be affected by sampling? \*

---

How will the sample(s) or item(s) be affected during analysis? \*

---

Method of storing sample(s) after analysis and prior to returning to the Duckworth Laboratory \*

---

Is funding for the analysis secured? Please provide basic information \*

**Proposed study dates, bench fees and Terms and Conditions (all applications)**

 **UNIVERSITY OF  
CAMBRIDGE**  
Application for Access to the Duckworth Laboratory Collections

Proposed start date \* [DD/MM/YYYY]

Proposed end date \* [DD/MM/YYYY]

Expected approximate date of results \* [DD/MM/YYYY]

Duckworth Laboratory bench fees (see our [webpage](#) for more information) \*

I agree to pay bench fees (to be confirmed with the Collections Manager)

Terms and conditions \*

I agree to comply with the [Terms and Conditions](#) set by the Duckworth Laboratory
